Booking Instructions

Please read through the following instructions in order to make the schedule for your group with the Ranch Staff:

- The Zajac Ranch Staff will be running each of the activities you will be booking unless you indicate a box is "Self-Led". Please read through the list of activities to know how many staff you will be booking, this will be reflected in your invoice.
- Your organisation/school is responsible for bringing enough staff/volunteers/chaperones to support and take responsibility of your students or participants while they move through the activities, during rest hours, down times and during the evening.
- Meal times are pre-set at 8:30 Breakfast, 12:30 Lunch and 5:30 Dinner.
- The maximum number of participants in activity rotation group is 12. Please divide your participants into groups accordingly. Example If you are bringing 60 participants, you will divide them into at least 5 groups and then need to select at least 5 activities for them to rotate through.
- Our Day Time Activity blocks are 70 minutes long. This allows for a reasonable amount of time for each child to have a go at the activities. Adequate transition time is factored in the schedules and it allows for participants to get across camp in time for an activity.

- Water stations will be placed around camp when necessary. Please ensure that your participants bring water bottles as single use bottles and cups will not be provided.
- Evening Activity blocks- You can choose between a Zajac Staff run campfire, talent show or swim time at the pool. Alternatively, you can run the evening block independently.
- You should select as many activities as groups you will have rotating through them.
- If you would like to run a full group session that would be led by a member from your group or your own organized leader, please indicate so by selecting “Self-led” during the corresponding program blocks.
- Above you will be able to review our activity descriptions and select the activities you would like run. Please note, you should select as many activities as groups you would have rotating through them. For example- if you have a group of 48 people, you will divide them into minimum of 4 groups and select a minimum of 4 activities that we will rotate through. You can always have more activities run by your own group or choose to have a block dedicated to a full group activity run by your own group. Just select “Self-led” for those activity blocks.
- Please use an “X” to indicate the activities you are selecting per activity block.
- If you are booking the pool for the half a day block- Please only select the “Swim” activity in both consecutive morning blocks, both consecutive afternoon blocks or both consecutive evening blocks.
- If you are using the pool and have paid for the full day- Please select the “Swim” as one of the rotation block options for your group
- Please note that some activities are not available during different times of the year. Please consult the ranch directly to find out if all of the activities you would like are available. Sometimes changes to availability are out of our control. We appreciate your understanding.
